Why Kelly:

At the age of 2, Kelly was in tragic accident that severely burned 75% of her body. Her life was forever changed in that moment as she endured numerous surgeries. Due to the visibility of her scars, it led to being an easy target for bullying

and feeling isolated because others were uncomfortable in her presence. This led to feeling unwanted, ashamed and unloved. Aside from the challenges of adolescence and discovering true self love, her story has blossomed into one of true INSPIRATION. Kelly found love, got married and is a mother to 3 beautiful children. She has since then found the courage to leave her marriage and is raising her kids as a successful speaker and best selling author.

Kelly found a way to go from near-death to success; from the ugly scar-faced girl to the Top 10 Most Powerful and Influential Speaker, Fierce Woman of the Year, Best-Selling Author (5 times), recipient of the Queen Elizabeth II Diamond Jubilee Medal and YWCA Woman of Distinction 2013.

You have to ask yourself how? How did a burn survivor who constantly struggled with rejection, staring and teasing burst through all the negativity in her life to succeed? **You have to hear her speak, read her books or watch her documentary to learn her story.**

Blankets for Burn Kids

Blankets for Burn Kids was created by Kelly Falardeau and her kids Alex, Cody and Parker. Kelly got burnt when she was only 2-yrs-old to 75% of her body and knows what it's like to feel ugly, unloved, unwanted and rejected.

Together with her kids, they created a blanket from one of Kelly's paintings and had them manufactured so that they can share them with other kids who need to feel more loved, needed and wanted.
